

Adventurous Stills Explorers Club

At Adventurous Stills, we're all about testing the waters – whether it's a new spirit idea or a peak to explore. We are continuously working to improve our standard lineup of spirits and also devote a lot of time to the new and different. Many of these spirits will be produced once, in single-cask batches. When they sell out, they're gone!

In the Explorer's Club you'll receive one bottle of our newest release approximately every quarter, plus some other tasty bonuses:

- Advanced tastings of new releases
- Opportunity to buy up to two more bottles before new releases are available in the tasting room
- \$6 cocktails in the tasting room at all times (25% discount)
- 15% off all other purchases in the tasting room (including bottles, apparel, and logo items)
- Sign-up Bonus: 2 free rocks glasses, a t-shirt, or a hat

Cost for the annual membership is \$200. You must be 21 to join. All items must be picked up in the Tasting Room – we cannot legally ship our products. You may designate someone else to pick up your bottles. We will hold bottles for 6 months after the release date before they will be sold in the Tasting Room.
